JENNINGS'S PATENT SHOP SHUTTER SHOES

RENDER A SHUTTER BAR UNNECESSARY.

The SIMPLICITY and EFFICIENCY of these SHOES may be judged of by their being in use in every thoroughfare throughout the metropolis.

They may be had through any ironmonger, or from the Patentee, J. JENNINGS, 39, Great Charl tte-street Blackfriars-road.

THOS. LAMBERT and SON,

PATENTEES of the Fleuible Diaphragm and High-pressure Valve Cocks,

Equilibrium Ball Valves, and Self-acting Water-closets; manufacturers of Hydraulic, Gas, and Steam Fittings, Tin, Lead, and Composition Pipes.

HORSLEY-STREET, NEW CUT, LAMBETH, LONDON.

STOCK and SON'S SOIL-PAN SERVICE-BOX.

The object of this contrivance is to facilitate the introduction of sanitary improvements into the dwellings of the working classes, by the adoption of such an arrangement of cheap cold-pan apparatus as will enable the "constant supply system" of water service to be made available for the removal of the refuse, by preventing the enormous waste of water in places of this description, to which water companies now so strongly and so properly object. By the use of this box a most ample supply of water is obtained, without the possibility of its being wasted by propping the valve, weighting the handle, or by other means. It is so constructed that, so long as the discharge-valve remains open, a further supply cannot enter the service-box from the main.—Drawings and description may be obtained from STOCK and SON, manufacturers of plumbers' brass-work, gas-fittings, and church furniture, in iron and brass, Temple-street, Birmingham.

JOHN DOULTON, JUN.,

LIVERPOOL POTTERY,

ST. HELEN'S, LANCASHIRE.

The most economical and efficient system of Drainage is formed with

DOULTON'S STONE WARE PIPES.

Testimonials as to their superiority have been received from the Borough Engineers of Liverpool, Glasgow, and other cities.

Orders received at said premises from his Wharfs, Filson Wharf, 28, Blackfriars, Harrow-bridge Wharf, Stratford, Essex; and at his Cement Works, Orchard-house, Bedwell.

FIFTY PER CENT. SAVED IN PLUMBERS' WORK,

by the use of

JENNINGS'S INDIA RUBBER TUBE WATER CLOSETS,

which are made to ACT FROM THE MAIN

Water Closets, as heretofore fixed, require a Service Box, Valve Cranks, Levers, and Wires, and a separate Service Pipe to each Closet.

Where JENNINGS'S CLOSETS are intended to be used all that is required is ONE MAIN PIPE OF AN INCH or an inch and a half, with 1 BRANCH TO THE CLOSETS on each floor; and the same MAIN PIPE is available for ALL OTHER PURPOSES, without interfering with the action of the Closets. By this plan any architect or practical plumber will see that not only a SAVING OF EXPENSE, but a multiplicity of pipes is avoided; and consequently a NON-LIABILITY TO REQUIRE REPAIR. The whole of the Closets in the SUPERIOR REFRESHMENT COURTS work on this principle derived from actual use, and the great satisfaction given is expressed in the FOLLOWING TESTIMONIAL FROM MESSRS. FOX AND HENDERSON:—

"Great Exhibition, Hyde park, London, 31st May, 1851.

"Mr. George Jennings.

"Sir,—We have much pleasure in bearing our testimony to the very excellent character of your India-rubber Tube Water Closets. Those which you have fixed here for the use of our officers, and also for the General Refreshment Courts, in which places they have been well tested, have given us very great satisfaction, and we shall be glad at all times to recommend their adoption

to other parties requiring them.

"We are, Sir, your obedient servants,

"FOX, HENDERSON, and Co."

These Closets can be seen at Messrs. RAYNER and BROWNS, 48, Lime-street, Liverpool; at the offices of W. W. HULL, Esq., C.E., Town-hall, Oxford; in the SUPERIOR REFRESHMENT COURTS of the Exhibition; and at JENNINGS'S Stand, in Class 23, or at his Factory.

Descriptive Drawings of JENNINGS'S SELF-CLOSING STOP-COCKS for COMMON CLOSET PANS, and for all other purposes, together with Jennings's other inventions, may be had free on application at the

MANUFACTORY, 39, GREAT CHARLOTTE STREET, BLACKFRIARS ROAD.

IMPROVED DRAINAGE.—BY ROYAL LETTERS PATENT.

STANDING, PHILLIPS, and CO.,

sole Patentees and Manufacturers of the

PATENT GLAZED STONEWARE SEWAGE PIPES

Contractors under the General Board of Health, and to Metropolitan and provincial districts of sewers.

Others, E. Cornhill, Wells, Brantree, Witham, Cornmarket, and Lincoln, near whom specimens may be seen, and price lists had.

TO MANUFACTURERS OF DRAIN PIPES, HOLLOW BRICKS, TILES, &c.

STANDING, PHILLIPS, and CO.

are now ready to sell their

PATENT SCREW PIPE AND TILE MACHINE

and to GRANT LICENCES for the USE of the SAME.

This Machine will make Pipes of any diameter, from the smallest drain pipe up to the largest sewer, and combines the operations of pressing, screwing, and forming the pipe at the same time, by which a considerable saving in the cost of pipes is effected, and from the great and equal pressure employed, and the superior mode of manufacturing, it will be found to be superior to any hitherto made. Pipes are produced compact, smooth, and superior in every respect to those formed by any other process.

THE MACHINE MAY BE SEEN IN OPERATION ON APPLICATION AT THE OFFICE, 2, CORNHILL, where every information as to terms, &c., may be obtained.

REGISTERED CLOSET PANS WITH STRAIGHT BACKS.

No. 1, 2, 3, 4.

Prices of the Common shaped Pans.

Prices 7s. 6d. each.

A Liberal Discount allowed to Builders and Plumbers.

*** The advantage of these Registered straight-back Pans is their greater CLEANLINESS.

N.B.—Patterns Nos. 1, 2, 3, and 4, as in former advertisements, manufactured as usual.

HENRY DOULTON AND CO.'S DRAIN PIPES IN GLAZED STONE WARE.

OFFICES—HIGH-STREET, LAMBETH, LONDON, and Granville-street Wharf, Broad-street, Birmingham.
MANUFACTORIES—High-street, Lambeth, London; and Birmingham Pottery, Bordesley Green, Staffordshire.

May also be had at Stores:—

BIRMINGHAM	Granville-street Wharf	CHELTENHAM	Mr. J. Hiatt.
GLOUCESTER	Mr. John Symons	LEICESTER	Messrs. J. and W. Jackson.
NORTHAMPTON	Messrs. Adkins and Greenough.	WOLVERHAMPTON	Mr. R. Seeley.
WORCESTER	Messrs. Rowland and Son.	TAUNTON	Mr. Geo. Pollard.
COVENTRY	Mr. J. Alcott.	STRATFORD-ON-AVON	Messrs. J. Tarr and Son.

MR. JOHN LE CRAS, Charing-cross, Jersey.

SPECIMENS of DOULTON'S PIPES and TERRA COTTA may be seen at THE GREAT EXHIBITION, Hyde Park, outside the building, west end, north side, and in Class E.

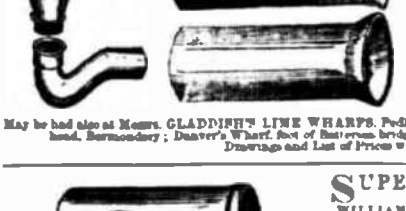
STRAIGHT TUBES WITH SOCKET JOINTS from 1 inch to 24 inches in diameter. BENDS, JUNCTIONS, TRAPS, &c. OF EVERY DESCRIPTION. Drawings, with prices, &c., will be forwarded free on application as above.

JAMES STIFF, MANUFACTURER of GLAZED STONE WARE DRAIN PIPES,

BENDS, JUNCTIONS, TRAPS, &c., 30, HIGH STREET, LAMBETH, LONDON. Established 1795.

Water Closet Pans, with Syphon Traps, 7s. 6d. each.

STRAIGHT TUBES, with Socket Joints, in 2 feet lengths.



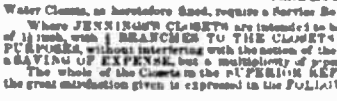
N.B. These are made without the discharge-hole being carried downwards.

The great advantages attending the use of these articles are now so generally understood as to render any recommendation of their almost superfluous. Their cheapness, efficiency, and durability, are universally admitted, while the rapidly increasing demand for them proves their estimated superiority over every other kind hitherto before the public for similar purposes.

Inspection is invited to an assorted stock of Drain Tubes, of every form and size, adapted to the various situations for which they may be required, as well as to the WATER-CLOSET PANS OF IMPROVED CONSTRUCTION, and interior glass for pavements, any other manufactured of Brown Stone Ware.

May be had also at Messrs. GLADDISH'S LIME WHARFS, Pedlar's-acre, Westminster-bridge; City-road Wharf, City Basin; Dock-head, Bermondsey; Denver's Wharf, foot of Battersea bridge, Chelsea; Frost Wharf, Kings-road, Camden New Town.

Drawings and List of Prices will be forwarded on application.



SUPERIOR GLAZED STONEWARE DRAIN PIPES,

invented and manufactured by

WILLIAM NORTHEN, CERES POTTERY, No. 14, VAUXHALL-WALK, LAMBETH.

W. NORTHEN begs to inform surveyors, contractors, builders, water companies, &c., that he has completed a quantity of new-patent machinery for making GLAZED STONEWARE DRAIN PIPES, JUNCTIONS, BENDS, ELBOWS, SYPHON-TRAPS, &c. &c. Among the many advantages of pipes made by this machinery over all others may be mentioned, that it ensures perfect uniformity in form and size both of pipes and sockets, the discovery of a different and better construction than any others now in use, and the pipes and sockets being made by one process are secure from separation.

W. N. invites particular attention to the superior quality of the clays used in his manufactures, which is such, he claims, to produce a change in the drains impervious. CLOSET PANS with outer and inner traps, and improved inside white glaze. W. NORTHEN'S PIPES MAY BE INSPECTED AT THE FOLLOWING PLACES, WHERE ORDERS ARE RECEIVED:—

Mother and Co.'s Wharf, Lime-street, Billingsgate; Mr. Affleck's, Westminster; Messrs. and Mr. [illegible] Market Wharf, Regent's Park; Messrs. J. C. Hibbs's, Lower and Upper Wharf, New Road, Upper Thames-street, London; at Messrs. Rowland and Son's, Small Bridge, Worcester; at Messrs. [illegible] Wharf, Hampstead-road bridge; Mr. Jarrett's, Wharf, Hampstead-road; Mr. Jones's, Wharf, Kentish-town; Messrs. Gibbs and Canning's, Tamworth; Messrs. Hamilton and Co.'s, Liverpool, Britton-street, Chelsea, also at the Pottery.
